Project Title: FY 2011 Clean Water Fund Feedlot Water Quality Grant

Lyon County map - Lyon SWCD Boundaries

Overall Project Description (abstract)

Feedlot Water Quality Grants (FWQG) – these funds are to be used to provide financial assistance to fix existing feedlot pollution from feedlot operations less than 300 animal units in size located in a riparian area or impaired watershed. Eligible Feedlot Projects must:

- Be less than 300 animal units;
- Be located in an impaired watershed or on riparian land;
- Have a Minnfarm rating of 1 or more or meet other documented pollution prevention criteria such as addressing milkhouse waste or silage leachate where Minnfarm is not applicable;
- Provide 25% of the project cost from local (non-state, non-federal) sources; and
- Have a specific project location identified.
