

Revision A hearing was held at 1:30 P.M. as advertised for revision of rates of compacted garbage from 60¢ to \$1.00 per cubic yard. Mr. Art Blaufuss representing Ritters' Sanitary Landfill presented rates of neighboring counties where available. There was a general discussion by all interested parties. After hearing all arguments, Rewerts moved, seconded by Hively, that Ritter's Sanitary Landfill be authorized to increase their rates from 60¢ to \$1.00 per cubic yard on compacted garbage and that the following revision effective May 1, 1972 be approved:
