Small Effort: Recycle your old or expired car seats – any make or model!

BIG IMPACT

1. Child safety: Protects children by keeping old and expired car seats off the roads (plastic and straps can wear and be less effective).

2. Employment: Employs local adults with disABILITIES who take great pride in their work.

Take to: Lyon County Household Hazardous Waste Facility
504 Fairgrounds Road, Marshall, MN 56258  phone: 507-532-8210
